Ok—Here is a copy and paste of the minimum requirements: (so maybe the pledge can be signed by another entity but policy would need to come through the City—I can clarify with BCBS though)

Placemaking

Placemaking is the shaping of a place by creatively applying arts, culture and social context to jump-start economic development, promote community pride and morale and encourage people to be physically active. Placemaking starts with a physical place to improve—a building, a lot, a block, a neighborhood, a district or a town. Placemaking can be a pop-up or temporary event, or a permanent improvement to the space (e.g., lighting features, art installations, construction of benches).

Activities include identifying placemaking location(s), asset mapping, project planning, maintenance, evaluation, and engaging community partners and community members. It also includes obtaining government approvals, ordinance, resolutions, or MOUs, project planning.

Minimum Package Requirements

- Work with the coalition to assess current conditions and policies related to this effort to inform work on package.

- Work with the coalition to determine how the project impacts populations of focus (Populations of focus may include racial and ethnic minorities, including persons of Black, American Indian or Alaska Native, Asian, and Native Hawaiian or Other Pacific Islander races and persons of Hispanic ethnicity; rural/urban residents; children; pregnant women; persons who are LGBTQIA+; older adults; persons with chronic illnesses; persons with housing instability or who are homeless; immigrant populations; displaced persons; persons with limited English proficiency; persons with low literacy; persons with low income; persons with disabilities; and others.”).

- Develop an agreement that the placemaking effort includes a commitment to:
 - o Link the placemaking effort to promotion of healthy eating and/or active living;
 - o The space being commercial tobacco free, including vaping;
 - o Allow public access to the space; and
 - o Maintain permanent structures put in place through Pathways funding for at least five (5) years.

- Share all policies with the coalition and BCBSKS to build a portfolio of best practices

Anytime really that you think is best!! Once we get the pledge signed we can start working on the package. I think there was an idea of the Ruritan being the lead organization? Rachel will be there to help guide the Placemaking process and can help the lead organization with the project (engaging community members, etc)

Good Afternoon Sally!!

Attached is the Placemaking pledge we were discussing last week. I was talking to Virginia Barnes with BCBS Pathways about the school and the funds we had earmarked there. She had a good idea to perhaps engage the school in the placemaking efforts? Maybe that would be a good idea and we can repurpose the \$7000 ear marked for USD 235 for The City of Uniontown's project (in addition to the \$10,000 ear marked).

I spoke with Rachel Carpenter (included in this email) about being the spokesperson for HBCAT with USD 235 and the City moving forward and she is on board!!

Thanks Sally!
