The “Quote of the Day” provides a great opportunity for any faculty, staff and coaches to help promote educational activities throughout the month to keep black history and diversity at the forefront along with encouraging your students to keep learning more!

This would be a great way to open a creative discussion and to highlight a different person every day or week with your class or team and ask questions about the meaning and relevance of each quote or fact and how it might relate to our lives the lives others and what is happening in the world today.
