TESTIMONY

From a survivor

I was diagnosed with cancer. I am a cancer survivor. After my diagnosis, I immediately went to Wichita for further testing & treatment. Care to Share was there to assist with my gasoline expenses the entire time that I had to make the trips. They even sent food packages and were able to hook me up with affordable lodging so that it didn't drain my wallet.

Once I achieved remission, I now participate in various ways to give back to this amazing organization. All of the money donated goes straight to helping people like me.

Local organizations that provide ongoing support:

Thank you to

ALL

of our Caring and Sharing communities and organizations!!

LAST YEAR WE CARED TO SHARE:

- DONATIONS OF ENSURE TO CANCER FIGHTERS
- MEALS,...MESSAGES,...VISITS
- **ALL DONATIONS GO TO OUR CANCER PATIENTS & THEIR FAMILIES**

TESTIMONY

From a survivor

KEEP LIVING..... those were the last words I heard my oncologist say as he left the exam room today while there for my yearly check up! I also heard that my lab reports were excellent, to keep taking that little white pill that helps cancer stay away, to keep up the monthly self exams, & to continue to do great! It's been 5 yrs this month since my last cancer treatment. Lord, thank you for all the days lived since then & please take care of me in the days ahead! KEEP LIVING !
